

DEPAUW GRAD IS APPOINTED TO USMC POST

MAJ. GEN. DAVID SHOUP IS
INSPECTOR GENERAL
FOR CORPS

Maj. Gen. David M. Shoup, a native of Covington and a graduate of DePauw University, has been appointed to the newly created post of Inspector General For Training of the United States Marine Corps.

Shoup, an Indiana Medal of Honor hero, was given broad authority by Gen. Randolph McCall Pate, commandant of the Corps, to build absolute safeguards against a recurrence of the Parris Island tragedy, in which six recruits drowned on a "discipline" march into a tidal swamp the night of April 8.

Shoup's appointment was part of a wholesale reorganization of training procedures pledged by Pate in a report to the House Armed Services Committee. The commandant admitted that insufficient control had been maintained over drill instructors at Parris Island and San Diego, Cal.

The new training inspector is credited in his Medal of Honor citation with leading his troops to "final, decisive defeat" of the Japanese on Tarawa despite a serious leg wound he suffered early in the bloody battle.

Oliver G. North Called By Death

Oliver G. North, age 76, of Greencastle R. 4, passed away Thursday morning at the Putnam county hospital where he had been a patient for about a week.

He is survived by the wife and several children.

Funeral arrangements will be announced Friday by the Whitaker Funeral Home in Greencastle.

Methodists Will Study Segregation

MINNEAPOLIS, May 3.—The General Conference of the Methodist church has put the finishing touches on a sweeping program to permit voluntary racial integration of the church.

Acting almost unanimously the church lawmakers Wednesday night set up a 70 member committee which will study the touchy issue of segregation in the church and report to the next quadrennial conference in 1960.

A few hours earlier, the conference delegates adopted a statement of policy condemning racial segregation and discrimination.

They also approved amendments which will let Negro churches join white conferences and Negro congregations join white jurisdictions.

These key amendments to the church's constitution must still be approved by two thirds of the 185 annual Methodist conferences. Nineteen of these conferences are Negro and the rest are white.

The actions are aimed at the church's controversial "central jurisdiction," which is nationwide and includes practically all Negro congregations. The five other jurisdictions are organized geographically.

Bishop Fred P. Corson of Philadelphia, who presided over the fast moving session, called it "a wonderful session of our church and the Kingdom of God."

Negro Minister Robert S. Mosby of Austin, Texas, said "today we feel we belong to the church."

GET THE FACTS

We are told that the School Board has given up the idea of building an addition to the present high school building because of excessive costs. Their report is questioned in many quarters, and before such a plan is abandoned, the exact costs of a qualified architect or engineer should be studied carefully and the evidence weighed in an effort to find the facts before a new high school building is planned.

If the Board wishes to erect a new grade building on east Washington street, in all probability there would be little if any opposition. This would take care of the children in the extreme eastern part of the city as well as those from Commercial Place and nearby for some ten to fifteen years, and with other rooms added to the present high school, the problem of overcrowding should be solved for an indeterminate period of time.

Rotarians Hear English Student

Greencastle Rotarians enjoyed a talk by a DePauw foreign exchange student, which was well delivered and most informative, at the luncheon meeting at the Student Union on Wednesday. Miss Elizabeth Keith of Hull, England, was introduced by Kenneth Eitel. Dr. W. R. McIntyre presided.

Miss Keith, daughter of an English physician, gave her impressions of America and stated that she was much impressed with this country. She gave the impression of being optimistic over future relations between England and the U. S., and commented that she felt our relations are on a sound footing.

With regard to the progress made by England since World War II, Miss Keith stated that considerably headway in repairing war damage had been made, but possibly not so much as West Germany. It was related that her father was not in favor of socialized medicine but was forced to cooperate with the program in order to obtain hospital beds for his patients. It was her impression that the Labor Party in Britain had lost ground in recent years, and was not helped by the antics of Aneurin Bevan.

Following her talk, Miss Keith answered the questions of the interested Rotarians.

Guests were William Oberlin of Greencastle, James Whitcomb, Indianapolis, and William E. Raney of Lakewood, Ohio.

Exhibit Placed In Store Window

The National Home Demonstration Week Committee, with Mrs. Harvey Cox as chairman, has placed a large educational exhibit in the window of the J. C. Penney store in Greencastle. The exhibit features the slogan "Today's Home Builds Tomorrow's World," and points out the relationship of the clubs to the County Extension Office and to Purdue University.

The six clubs within the city of Greencastle and the 24 additional clubs over the county work under the guidance of the County Home Demonstration Council and an elected executive committee. Goals of the organization include development of leadership as well as education.

The layout and art work for the exhibit were done by Mrs. LeRoy Alter, a member of the West Floyd Home Demonstration Club. Other committee members assisting with the exhibit were Mrs. Top Guthridge, Mrs. Wayne Nelson, Mrs. Ed Schulz and Mrs. Victor Sutherland.

"WORK TOO MUCH"

MILWAUKEE, Wis., May 3.—(UP)—Police said Clement K. Zeller, 69, told them he set fire to the apartment building where he'd been a janitor for 15 years because "the work was getting to be too much for me."

RUSSELLVILLE SENIOR CLASS GETS DIPLOMAS

REV. RUDOLPH IS SPEAKER
AT COMMENCEMENT
PROGRAM ON WED.

The Russellville high school commencement was held Wednesday evening in a beautiful setting left from the annual Junior prom held last Friday evening. The gymnasium was never more elaborately decorated than for this occasion, and many compliments were heard on the scene.

The music for the evening was furnished by the Russellville School Band under the direction of Mrs. Miriam Campbell. The invocation was given by the Rev. Russell Myers. The Salutatory was given by Donald Webster and the address was by the Rev. L. C. Rudolph, former Russellville pastor, who spoke on the subject "Decisions." He told the members of the senior class that it is youth who makes the decisions. He said they will be required to make quick decisions that may have a bearing on the rest of their life. He said he deplored the fact that the general sentiment is that youth has gone to the dogs. He said this is not true, but that some are going and others have gone, but the vast majority is upright, living clean and will continue to do so. He said he felt there is a plot against Youth at present and that the youth of the nation must have faith, such as our forefathers had, that they must work and may have to decide quickly what work they will do, and he said this also applies to what they will do in the future with their lives. He said in all cases, Youth Must Decide.

David Ratcliff, a member of the class, gave a saxophone solo and Mrs. Campbell, gave a violin solo. Supt. Eugene Hutchins presented the seniors with their diplomas after he had been presented by Principal Dale Grimes, who also introduced the speaker.

Miss Margaret Ann Spencer, the Valedictorian, gave the final talk of the program. A reception was held in honor of the graduates following the commencement program.

Circus To Visit City Tomorrow

The annual holiday that is always welcomed by children of all ages comes tomorrow when the great Cristiani Bros. big ring circus and trained wild animal shows combined will be here for two performances, afternoon and night, at the Putnam county 4-H Fair grounds, sponsored by the members of the Fair board and the 4-H club who have been selling tickets in advance for the big event.

The big show, first and only to visit here this year, will arrive at daybreak and will set up its mammoth canvas "Big Top" at the Fair grounds ready to stage two performances—a matinee at 2 p. m. and the night performance which will start at 8 p. m. Main entrance gates to the mammoth menagerie of wild animals will open at 1 p. m. and 7 p. m. to allow circus patrons to visit the world's largest traveling zoological exhibition before the big show programs start at 2 and 8 p. m.

The layout and art work for the exhibit were done by Mrs. LeRoy Alter, a member of the West Floyd Home Demonstration Club. Other committee members assisting with the exhibit were Mrs. Top Guthridge, Mrs. Wayne Nelson, Mrs. Ed Schulz and Mrs. Victor Sutherland.

Urge Full Speed For Polio Shots

WASHINGTON, May 3 (UP)—The government put the heat on health authorities today to keep Salk inoculations going full speed during the polio season to assure protection for at least 53 million persons by this fall.

Surgeon General Leonard A. Scheele said he confidently expects an unprecedented flood of vaccine in the next few months—more than enough to finish giving two and three shots to pregnant women and children under 15.

But he warned the nation's physicians and health officers that if the new goal is to be reached, they must start planning.

PLEADS GUILTY

ENTERING federal court in Boston is Rep. Thomas Lane (D), who pleaded guilty to income tax evasion and was sentenced to four months in jail and fined \$10,000. The status of Lane's post in Congress was unclarified as a result of the sentencing.

Music Festival In Gym Tonight

Over 1,000 elementary students will participate in the annual Spring Music Festival, to be held in the high school gymnasium at 7:00 p. m. tonight.

All children are to report to their respective places in the gym by 6:45 p. m.

There is no admission charge. The festival is under the direction of Mrs. Madinda Zenor, Elementary Music Supervisor.

Baumgartner To Coach Athenians

Richard Baumgartner who has coached basketball and taught several subjects at Roachdale high school for the past year, has signed as new coach and teacher at the Crawfordsville high school effective this September. He and his family will move to Crawfordsville from their Roachdale home within a few weeks, it was stated today.

Baumgartner will succeed Gerald DeWitt, who resigned recently to enter the field of school administration work. A new coach will be hired by Trustee Thompson for Roachdale this fall. Baumgartner was quite popular with the members of the Roachdale squad and the school regretted to lose him, but their best wishes will go with him in his broader field.

Delegates Meet With Dr. Sparks

At an informal dinner and discussion Wednesday evening in the DePauw Union building Dr. and Mrs. Frank Sparks of Crawfordsville entertained the Putnam county delegates to the Republican state convention to acquaint them with Dr. Sparks' recently announced candidacy for the Republican nomination for governor of Indiana.

Atomic Blast Set For Friday

KWAJALEIN, May 3.—(UP) The 1956 nuclear test series opens Friday with the explosion of a small atomic warhead off Eniwetok, weather permitting.

Fifteen newsmen and 21 civil defense officials will witness the test, opener as unofficial observers. They flew here today from Honolulu en route to Bikini to see America's first H-bomb air drop scheduled for May 8.

That shot is still on the schedule with no delay in sight. However, test officials decided to give newsmen a "bonus shot."

Friday's shot will be a small atomic device in the kiloton range. That means its power is equal to only a few thousand tons of TNT.

The big shot May 8 will equal several million tons of TNT.

Jet Crashes In Flames; Four Die

LINCOLN, Neb., May 3 (UP) A six-jet B 47 crashed in flames and exploded on a farm Wednesday night, killing all four men aboard.

The plane went down without warning at 10:38 p. m. CST. The Lincoln Air Force Base, a Strategic Air Command installation only 3½ miles southeast of the crash site, was in radio contact with the plane at the time.

Air Force officials said the pilot gave no hint that anything was wrong.

The big jet was carrying live ammunition, which exploded and sprayed hunk of flaming metal over a wide area.

Only the tail section remained intact.

Ray Sets Mark In Pole Vault

Greencastle's Tiger Cubs downed the Crawfordsville Athenians in a dual track and field meet here Wednesday, 56 1-2 to 52 1-2. Ray set a new local high school record in the pole vault when he cleared the bar at 11 feet, 8 inches in winning this event.

Other Cubs winning first places were York in the high hurdles and broad jump; Shonkwiler in the mile run; Corbin in the 440 yard dash; Ballard in the 880; Dickson in the 220. The mile relay was won by Ballard, Unsworth, Corbin and Shonkwiler.

CHAPEL TALK IS GIVEN BY DR. MANHART

HEAD OF HISTORY DEPT.
SPEAKS AT WORSHIP
CHAPEL AT DPU

A plea for freedom of expression and thought in the social sciences was voiced at yesterday's DePauw worship chapel by Dr. George B. Manhart.

Dr. Manhart is head of the history department, John Clark Ridpath professor of history, and chairman of the general studies program at DePauw.

Citing examples from various periods of history, Dr. Manhart emphasized that persecution never has succeeded in stamping out a God-centered theory.

The Romans were not able to curb Christianity, he continued, and the Roman Catholic Church was equally unsuccessful in its attempts to discourage Protestantism.

When movements have been the work of men, they have failed, the speaker said, but when they have been the work of God, they have succeeded, regardless of opposition.

Investigation has been increasingly encouraged in the physical sciences and religion, Dr. Manhart noted, but unfortunately the same trend is not evident in the social sciences.

"In whatever field to not condemn ideas in advance," he warned, "unless you find yourself fighting against God."

Man Admits He Drowned Boy

PANAMA CITY, Fla., May 3.—(UP)—Authorities concealed from angry townspeople today the whereabouts of a bloodstained boatman who confessed drowning one little boy after his brother had fallen overboard. Sheriff M. J. (Doc) Daffin, Spruill Dallas Withers, 33-year-old electrician, to a secret jail after the unshaven, barefooted man confessed he "got scared" and deliberately dumped one boy after the other fell.

Daffin said Withers immediately fell asleep after confessing and had to be awakened to hear a murder charge read to him, as required by Florida law.

Daffin said an autopsy on the body of Douglas Cecil Wilson, 4, spotted by helicopter in a remote bayou, would reveal whether Withers possibly drowned both boys after molesting them sexually.

NO CANDIDATES

EUREKA, N. C., May 3. (UP)—The town fathers met in a country store Wednesday night to talk over a local problem: No candidates in next Tuesday's city election.

Mayor L. R. Jones, stepping down after 22 years, said "No-body ever really wants a town office—there isn't any pay."

For Barkley

Final Services Held For 'Veep'

PADUCAH, Ky., May 3. (UP)—A funeral train today carried the body of Sen. Alben W. Barkley, to its final resting place in the soil of the Kentucky he loved and served through more than a half century of public life to his death at 78.

The 10-car train, carrying also his wife and immediate family and more than a score of his colleagues in the Senate from Washington, paused briefly at Louisville before rolling westward to his old home town on the Ohio River.

Paducahans still shocked by the death of the "Veep," while he was addressing a mock political convention at Lexington, Va., last Monday, prepared to welcome him home for the last time this afternoon.

A 24-man honor guard from the local Kentucky National Guard company was detailed to meet the train and escort the Manila bronze casket from the railroad station to the Harris Funeral Chapel 10 blocks away.

There the casket was to be opened briefly while Barkley's friends and neighbors—which included a large portion of Paducah's 30,000 population—filed past to pay their last respects.

Missing Couple Found Murdered

HARTFORD CITY, Ind., May 3.—(UP)—The bodies of a farm couple missing for a week were found late Tuesday in their car submerged in a gravel pit. A relative said he committed one of the slayings in self defense.

Skin divers recovered the auto containing the bodies of Darrell Spade, 42, and his wife, Mary, 24, from 10 feet of water in a gravel pit 3 miles north of Muncie.

Chester Schlegel, 22, Mrs. Spade's brother who lived with the couple near here, led authorities to the secluded spot where he said he dumped the car shortly after the double slaying.

Schlegel told authorities he returned home to find Spade beating his wife to death with a pick-axe. The youth said Spade then threatened him with the axe and he fled into a barn where he grabbed a shotgun.

Spade ran into the barn and Schlegel shot him in self defense, the brother-in-law was quoted as saying.

Schlegel said he loaded the two bodies into the couple's car and drove about 20 miles to the gravel pit.

15 AWARDS TO BE PRESENTED ON SATURDAY

AIR FORCE ROTC CADETS
WILL ALSO HOLD
BIG REVIEW

Fifteen highly-prized awards will be presented to Air Force ROTC cadets at DePauw University Saturday during the school's annual May Day Review.

Starting time of the review, which will be held in Blackstock Stadium, has been moved up to 1:45 p. m., 15 minutes earlier than originally announced.

The entire DePauw cadet corps will parade in front of the reviewing stand, with the AFROTC band providing martial music and the unit's drill team staging a special performance.

Presiding as honorary cadet colonel at the affair will be a senior coed from Indianapolis, Elaine Brannen.

Awards presentations will be made by Col. William A. Hoy, Jr., air science professor, Syracuse University; Col. Wayne E. Rose, USAF Reserve; DePauw President Russell J. Humbert; and Maj. Burtice O. Snyder, DePauw's air science professor.

Colonel Hoy will confer the Republic Aviation Corporation's speech contest award, the Air Force Association Medal to an outstanding junior cadet, and the Convair Cadet Award to a top sophomore.

Also the Chicago Tribune's gold and silver medals to two freshmen and two sophomores for scholastic achievements and military leadership.

The Reserve Officers' Association Medal will be presented by Colonel Rose to an outstanding senior for leadership and participation in AFROTC activities at DePauw.

Another senior will receive the President's Award from Dr. Humbert for both general and AFROTC scholarship plus military leadership.

Major Snyder is scheduled to bestow the Professor of Air Science Award on a junior cadet judged outstanding in AFROTC qualities.

Other awards by Dr. Humbert will include the DePauw Rifle Association's loving cups to the top cadet and non-cadet marksmen and sweaters to three leading members of the AFROTC rifle team.

Gas Co. Pays Its Spring Taxes

One of the largest annual investments in the financing of local and county government was completed today with the Indiana Gas Water Co., Inc., spring installment payment on real estate and property tax. 34 counties received a total of \$256,104.00 for the first half of 1956 making the total payments for the year to be \$712,208.00 This amount represents an increase of \$83,108.00 over that paid in 1955.

The Putnam County tax for the first half of 1956 will be \$4,733.98. A similar installment will be paid during the first week in November.

Metta McMains Knoll was born August 27, 1886, in Cloverdale, the daughter of Mr. and Mrs. W. T. McMains, and passed away suddenly April 22, 1956, in Stuttgart, Arkansas, after hearing of the tragic death of her granddaughter, Bonnie Rentschler of Stuttgart, Ark.

Mrs. Knoll spent her early childhood on a farm near Cloverdale which is now a beautiful summer vacation area and State Park.

She was married to George Knoll September 1, 1904. To this union seven children were born.

In latter years they moved to Almyra, Arkansas where they purchased a rice farm. In the spring of 1948 they sold the rice farm and bought property in Dermott, Arkansas. She was an active member of the Methodist church of Dermott, The P.T.A., W.S.C.S., W.C.T.U. and the Dermott Altruistic Federated Women's Club. Two days before her death, as program leader of the Altruistic Club, she planned and carried out a program on Art for a club meeting.

Mrs. Knoll was always happiest when she could visit with her children, grandchildren and friends. Her home was seldom without visitors.

She leaves to mourn her pass-

ing, her husband, George Knoll, two sons, David Knoll of Stuttgart, Arkansas, Joe Knoll of Dermott, Arkansas; three daughters, Mrs. J. L. Butler of Terre Haute, Ind., Mrs. Adolph Rentschler of Stuttgart, Arkansas, and Mrs. Bingley P. Jackson, III, of Holy Grove, Arkansas; five sisters, Mrs. Bernard Handy and Mrs. Grace Rount both of Greencastle, Ind., Mrs. Ira Knoll of Martinsville, Ind., Mrs. Elta Hughes of Greenville, S. C., and Mrs. Ina Sinclair of Pasadena, California and fourteen grandchildren and five great grandchildren. She is also survived by two of her father's sisters, Mrs. Cora Stanley of El Dorado, Arkansas, and Mrs. Emma J. Riddle of Stafford, Kansas, and a host of friends and relatives.

She was preceded in death by her parents, two sons, and four grandchildren.

The Cloverdale Home Demonstration Club met at the home of Mrs. Wilbur Huber for the April meeting.

The president, Mrs. Wilbur, opened the meeting with the pledge of allegiance to the flag, the song and club creed, all in unison. Secretary and treasurer reports were given and approved.

The vice-president, Mrs. James Sipple, talked on program planning for the next year, and all members discussed the types of lessons they would like on the program. Mrs. Perry Michael gave the report on Outlook, Mrs. Denny on garden and Mrs. James Sipple on Health and Safety. Cards were signed by all present and sent to Mrs. Nannie Furr and Mrs. Loren Stivalley, who were in the hospital at that time. Plans were made to attend the tea and style show to be held at Reelsville in May. The meeting was closed by repeating the club prayer.

FISHIN' FUN!

According to Grandpa Roy Brackney, his grandson Bruce Brackney, who is just seven years old, was fishing with his father — Howard Brackney. They were trolling when the boy said he had a fish... his father told him to keep quiet, that he had only hooked a brush pile. After much persuasion by Oakley Wright and Grandpa Brackney, Howard stopped the motor and much to his surprise Bruce proceeded to land a small-mouth bass, weighing three pounds, four ounces.

Mrs. Pierson Wins Peace In State Contest

Greencastle Chapter of AAUW was represented by three delegates at the regional convention of AAUW held April 27-28 in the Drake Hotel, Chicago. Attending from the local branch were Mrs. Paul Thomas, president; Dr. Anne Nichols, co-chairman of the Program Committee, and Dean Lucille Scheuer, state chairman of Status of Women. Dean Scheuer participated in a panel discussion on the status of women on Friday afternoon.

Winners of the annual AAUW state writing project were announced at the convention. Mrs. Coen Pierson of Greencastle placed first in Indiana with her entry "Four Temples of Roman Britain." Mrs. Pierson's essay took fifth place in the regional contest.

Mrs. Alice Leopold of the U. S. Department of Labor spoke on progress in teacher recruitment, pointing out that there are more than 500,000 women under 55 who are not employed who have college degrees and no children under five years of age. AAUW is encouraging these women to earn the certificates needed to enter teaching.

PTA Convention Protest Staged

INDIANAPOLIS, May 3 (UP)—A vote to limit future delegations to four members brought a protest walkout Tuesday at the Indiana PTA convention.

Delegates from Speedway and Indianapolis Shortridge high schools climaxed a battle between Marion County members and those from outlying state areas. Teachers in this area favored larger delegations for larger schools.

The change in the by-laws provided only four votes for each delegation, regardless of size. Other changes: Dues raised 5 cents, district directors to be elected instead of chosen by state board of managers, and units to have right to vote on legislative recommendations.

East Marion Club Held April Meeting

The East Marion Homemakers Club held its April meeting with Ruth Sutherland with nine members and two guests present.

The president opened the meeting by reading an Easter story after which all present united in the repeating of the Collect and the pledge to the flag.

Following the reports of committees, a card was signed by the members and sent to Kathleen Nichols who has been ill.

The roll call was answered by new ideas on housecleaning. Many good suggestions were offered in this exchange of thoughts.

The lesson on rock gardens was very interesting and provocative. An exchange of bulbs and seeds followed and was in keeping with the lesson.

Contests were conducted by Anna Snodgrass and Daisy Williamson.

Delicious refreshments were served by the hostess and the club adjourned. The May meeting will be with Elsie Hunter.

FEDERAL COURT RULES FOR JOHN T. GOJACK

WASHINGTON, May 3—A federal court ruled today in favor of John T. Gojack, Ft. Wayne, on his motion to dismiss contempt of congress charges.

Gojack, general vice president of the left wing United Electrical Workers Union, was accused of refusing about a year ago to answer questions of the House Un-American Activities Subcommittee about Communism.

WARNS OF RUSS BOMBS

INDIANAPOLIS, May 3 (UP)—Russian nuclear bombs could "wipe out" the United States within 10 years unless changes are made in our defenses, Maj. Alexander P. de Seversky said.

FISHIN' FUN!

According to Grandpa Roy Brackney, his grandson Bruce Brackney, who is just seven years old, was fishing with his father — Howard Brackney. They were trolling when the boy said he had a fish... his father told him to keep quiet, that he had only hooked a brush pile. After much persuasion by Oakley Wright and Grandpa Brackney, Howard stopped the motor and much to his surprise Bruce proceeded to land a small-mouth bass, weighing three pounds, four ounces.

Without Nudging Backache

Nudging backache, headache, or muscular aches and pains may come on with over-exercising, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation... with that restless, uncomfortable feeling. If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 15 miles of kidney tubes. So if nudging backache makes you feel dragged-out, miserable, with restless, sleepless nights, don't wait, try Doan's Pills, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

BULGANIN HAS HIS EGO

THESE TWO PHOTOS made at Birmingham, England, demonstrate that Soviet Premier Nikolai Bulganin has a measure of ego, just like most people. The photographer snapped the picture at left during a luncheon at Bromwich castle, given by the British Industries fair. Bulganin got excited and the photographer thought his number was up when another Russian came at him. But it was an interpreter. Seems Bulganin wasn't ready. The photographer was told to take the picture over again. He did, with smiling result at right.

AFTER 16 YEARS IN PRISON

ROY E. EATON, released at Illinois' Stateville penitentiary recently after serving 16 years for a holdup he did not commit, is kissed by his daughter Emma, 21, at their reunion in Chicago. She had been unaware of her father's plight until she read news accounts of him. At time of the holdup Eaton was 1,300 miles away in Lordsburg, N. M., but couldn't prove it. After his imprisonment he lost touch of his family. Convicted by another man recently started legal moves which freed Eaton.

House Votes On New Farm Bill

WASHINGTON, May 3 (UP)—The House was called into session an hour early to begin voting on a new Democratic farm bill to replace the price-boosting measure President Eisenhower vetoed 17 days ago.

This time Mr. Eisenhower and the Republicans were pushing for approval of a controversial amendment that would step up federal spending on the farm this election year.

This time the Democrats cried "Politics" and complained that

the Republicans were "trying to buy the election." The Republicans had hurled the same charges at the Democrats when the first farm bill was passed.

The new controversy was over Mr. Eisenhower's proposal that farmers be paid this year for promising to cut surplus-producing acres next year.

In drafting the new bill, Democrats stripped out almost all administration-opposed features but left in the administration's original soil bank proposal under which farmers would be paid \$1.2 billion annual for four years to reduce surplus plantings. But they did not include his new "pre-payment"

proposal under which farmers could receive half of next year's payments this year.

Republicans demanded it be added to the bill on the floor.

Advertisers spent more money in newspapers in 1955 than in radio, television, magazines and outdoor advertising media combined.

A NEW JERSEY pig farmer plans to run for President as an independent candidate. He may be an expert hog raiser but this time, we predict, he won't bring some bacon.

The Kremlin crowd is worried because Russian teenagers insist on dressing like Western youths. Now let's see 'em blame THAT in Stalin!

Mr. Etna in Sicily is 105 feet taller than President as well as independent. Those eruptions must have been just growing pains.

A California stevedore was fined \$100 for smoking a cigarette in a transit shed filled with bales of cotton and near a ship loaded

with dynamite. Get he's glad now he was around and available to pay the fine.

After being denounced as a "Little Stalin" by his party, Bulgaria's Koca premier resigned. Probably couldn't stand being labelled a minor leaguer.

Egypt's great pyramids are to be equipped with elevators. Next thing they'll be putting a snack bar on the top.

Inmates of England's Dartmoor prison raise their voices so loudly during chapel one can't hear the organ, guards complain. The boys must be under the impression they're serving their time in Sing Sing.

Commuters' Bridge Game Is Tinged With License.
By Margaret Latrobe
They must play a better game

of bridge in Detroit than in some other cities I could mention, and will.

Detroit, unlike most other king-sized metropolises, has no king-sized commuting contingent, arriving from points as distant as 60-70 miles from the bustle of business. In the Michigan city there are no fast trains tooting beneath the surface toward a subterranean station, whence

breadwinners emerge to take up the day's toil.

And since the northern city's menfolk drive themselves to work in their own automobiles, one must assume their bridge playing is still uncorrupted. In Detroit, you could bid an opening two no-trump, and know within reason what your partner would respond. (But Mr. Becker, I had a count of 14, and this jerk he didn't even indicate that king-nine. . .)

Becker—I acted in self-defense, the bid was six diamonds and this—this—horrid character was void in the suit. . .)

You talk about discrimination and intolerance—try to get a seat which is reserved for the foursome boarding the car at South Norwalk. They will bring such dire penalties to bear for seat-snatching that you will be ostracized, ignored or worse.

The sad truth of the commuting train is not that it is oftentimes late, draughty, or lacking a club car. It is simply that the act of commuting has caused a down draught in the game called bridge. Train games have deteriorated into a lap-table, hybrid card game employing the fast technique of dice throwing, the astute privacy of poker, and the sharp tongue-lashing of a prosecuting attorney caught with a perjured witness. (But Mr.

So devoted are train bridge players to their matutinal deck-shuffling, they have been known to resist transfer to the Middle West at substantial promotion—just to keep the foursome together. One poor woman rose at 5:30 A. M. for years, making breakfast for her hubby so he could dash for the 6:59 New Haven train, before discovering accidentally that he could have taken the 8:12 all along. But his crowd played on the 6:59, and he could hardly lie abed while

they scoured the train for a fourth. Now could he?

Wives, strange, as it would seem, approve highly of this diversion for working husbands. If only they played the game as it was designed to be played, all would be well. But when a certain fencepost around Port Chester looms in sight and the score shows 1000 points deficit—something has to happen. Grand Central is only minutes away. Time is running out. And the bidding gets psychic from there on. Nothing but game is considered worthy of time spent; and woe to any who stop short of a slam if slam is indicated.

In fact, woe to the game itself. Commuting trains are to blame and somebody ought to get up a petition protesting the liberties being taken with contract bridge. Next thing you know they will be calling one-eyed Jacks wild.

Canasta, anyone?

This comfortable chair will provide a delightful porch setting for the summer months and can move into the living room, den, or playroom in the fall. An important feature of the malacca chair is the arm extensions which give you an end table at both sides. They fold out of the way when not in use. The arm extensions are protected by a laminate finish which is scratch and dent resistant, and is unaffected by boiling water, alcohol, and fruit juices. It is also ring-free and cigarette resistant and can be cleaned easily with warm water and soap. (Heywood-Wakefield Co.)

NURSES HAVE TOO MANY THINGS TO DO

age of graduate nurses. If the nurses were limited to actual nursing duties," said Dr. Albert W. Snook and Richard E. Ogren.

Snook, director of the Grace-New Haven Community Hospital of New Haven, Conn., and Ogren, assistant director, made the statement in an article in Hospitals, journal of the American Hospital Association.

They said there should be more efficient use of professional nurses, re-evaluation of the patient's nursing needs, and greater utilization of practical nurses, students and aides.

"Responsibilities for clerical, housekeeping, dietary and administrative activities should be taken from the nurse and given to other hospital personnel," they said.

"We believe that uneconomical and inefficient use of graduate nurses in non-nursing activities can be demonstrated in every hospital in this country."

Mr. Champion got off to his best opening, the singleton deuce of clubs. Mr. Muzzy won with the ace and lost no time returning a club. Mr. Champion ruffed this trick but there was no way for him to reenter his partner's hand to get another club ruff.

Thus Mr. Abel made four, losing only a club, a club ruff

and the ace of hearts. He had plenty of time to pick up the trumps and discard his two small diamonds on dummy's good clubs.

ILLUSTRATIVE DEAL

This deal is another illustration of the extreme importance of the first lead made by the defending side after the opening lead.

Mr. Muzzy loves to ruff and to give his partner a ruff. In this case, however, it was necessary to look ahead and to realize that the best chance to defeat the contract probably lay in deferring the club ruff.

If Mr. Champion had held the East hand, here is how he would have reasoned: "If my partner has as many as three trumps, he will get to ruff two club leads. But it is unlikely that he has as many as three trumps because that would leave Mr. Abel with a four card heart suit. With only four hearts it is probable that Abel would have bid three no trump rather than game in hearts."

TWO POSSIBILITIES

"If my partner has the ace of spades, he will always win with it. But if he has the king of diamonds, that will require a lead through Abel's hand. Our

Our diamond winner, if any, must be set up while I still have control of trumps.

Undoubtedly, Mr. Champion would have reasoned further that his partner held as many as two trumps, because if he had only one, then Mr. Abel would hold six. And with a six card major suit Mr. Abel's most probable rebid would have been in hearts rather than in no trump. As you see, the lead of a

diamond at trick two defeats the contract. Even if Mr. Abel should elect to go up with the ace of diamonds and fire a trump, Mr. Muzzy could win and lead a club. Mr. Champion would then get his club ruff at a time when he could lay down the king of diamonds for the setting trick.

TRIAL IS SCHEDULED

WASHINGTON, May 3 (UP)—Chief Justice Earl Warren Wednesday refused to delay the conspiracy trial of two Truman administration officials — Matthew J. Connelly and T. Lamar Caudle.

Connelly, who was Mr. Truman's appointment secretary, and Caudle, former head of the Justice Department's tax division, are scheduled to go on trial in St. Louis Monday on charges of conspiring to defraud the government on tax matters.

EDUCATORS DISAGREE

Many of the nation's education leaders said today the St. Paul Minn. Board of Education went too far when it sacrificed all extra-curricular activities for the sake of higher teachers' salaries.

A survey showed most of the educators do not believe that high school athletics, kindergarten, specialized classes and other activities eliminated at St. Paul are unnecessary "frills."

They said they are an essential part of modern education. The St. Paul Board of Education and St. Paul residents will regret doing away with them, many predicted.

In St. Paul itself, parents and students were stunned and shocked by the board's surprise decision Tuesday. The board said it had to impose an austerity program on 39,895 school youngsters because voters have twice refused to approve appropriations.

A GRIZZLED ARAB looks through barbed wire toward his home in Israel, from which he was displaced. Now he is one of 17,000 Arab refugees in "Rimal and Beach Camp" in the Gaza strip. Dakotas. It was 24 degrees at
Cut Bank, Mont., and well below
freezing elsewhere in the area.
In the South, skies cleared over
Texas in the wake of four days
of flooding rains which killed at
least six persons. The Lone Star
State felt the last lash of the
storm Wednesday in 100 m. p. h.
winds which hit the Houston-
Galveston area, ripping away a
warehouse roof and rolling a
freight car several hundred feet
down a siding.

Although flash floods fell back

the Weather Bureau warned that
the Sabins River in east Texas
may hit flood stage Friday. It
said livestock should be moved
out of the river's lowlands.

The big storm system still had
plenty of vigor when it hit Louisi-
ana Wednesday. It took the form
of a sudden squall on Lake Pon-
chartrain which smashed six
small boats against bridges and
dumped at least 12 persons into
the water.

RUSSIA LEADS U. S.

WASHINGTON, May 3. (UP)
—Russia has more than 100 in-
tercontinental jet bombers com-
pared with America's 78 and it
produced them in much less time,
authoritative military informa-
tion showed today.

A comparison of production
progress was made possible when
the Pentagon broke a strict rule
and allowed Gen. Curtis E. Le-
May to tell Senate investigators

in public how many B52 hydro-
gen bombers the Air Force has.
The United Press obtained the
American estimate of Russian
production from competent
sources.

THE HOG MARKET IS SLOW

With receipts of 9,000 hogs
today the market was slow and
inactive. The prices range down
25 cents, with top being \$15.25
and most weights selling down to
\$14.75.

Sure starts a lot of Torque —

Buick Super 6-Passenger 2-Door Riviera, Model 562

even before you Switch the Pitch

Torque is for take-off—and there's plenty of it here.
You just apply a puny bit of pressure on the pedal—and
you're off and away. Never has such quick acceleration
been so smooth.
It's the newest step-up in Variable Pitch Dynaflo®—
and it gives a double-barreled thrill.
First, it delivers a record amount of torque to turn those
rear wheels—even before you switch the pitch. You
splurge on pickup while saving on gas.
The second is for real zoom service. Just put your foot
down—and there you have it. You switch the pitch and
Dynaflo serves up a dazzling burst of extra power to
cut seconds off your passing—and add new safety to it.
But there's a lot more than torque to talk about.
There's Buick styling. Its flair and sweep alone have
started many a conversation. On lines that are daring,
but not reckless. On colors and interiors that are gay
and stunning, but never garish.

And there's the Buick ride. Unlike any other. Softer,
yet steadier. Cradling you in rubber-bubble comfort—
leveling with you on every twist and turn.

A whole group of unseen marvels screen you from the
harsh realities of the road. Including a new front-end
geometry—new deep-oil-cushioned shock absorbers—
new deep-coil springs on all four wheels. And there are
new stabilizers and a new torque tube, to snub out any
swing or sway.

In short, there's so much excitement from stem to stern
—in any Buick you can buy—that Buick owners have a
whole lot to talk about.

So why not take a Buick out on the road yourself, so
you'll know what all the talk's about? Don't say you
can't afford it until you hear us talk price. We're ready
whenever you are.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo
Buick builds today. It is standard on Roadmaster, Super and
Century—optional at modest extra cost on the Special.
